

KLove is such a blessing to myself and my family! I look forward to the encouraging music and uplifting time of prayer and fellowship each day! If KLove were to be displaced by an LPFM broadcaster providing other programming would really disappoint me, as I wouldn't be able to teach my future children the importance of wholesome, Christian family values. I don't want anything replacing KLOVE that would have a negative impact on the communities across America, as KLOVE is so positive and encouraging on a daily basis. I believe that KLOVE is in the public interest to help teach families and children the importance of wholesome values, family growth and positive and uplifting music. I've seen what radio stations with negative impacts can do to families and children and we don't need any more stations impacting our communities in a negative way.
